## DR. GREEN MOORE.

A friend of the deceased doctor contributes the following:

Dr. Green Moore, one of the county's most reputable physicians, died suddenly at his home at McKinney at 4 A. M. Saturday last of neuralgia of the heart. He had been an invalid for several months, but had been confined to his room only about one month. He was a native of Russell county and had lived in "Jimmie" all his life up to the time he moved to McKinney, 20 years ago. When the civil war came on he quietly rode away and joined "Pickett's Regiment" of Tennessee cavalry and was soon afterward appointed assistant surgeon, a position he held until the close of hostilities. When the war was over he returned to Jamestown and began life anew. About 20 years ago he moved to this county with his wife and five children. A few years after the death of his first wife, a native of Russell county, he was married to the widow Tabler, daughter of the late Col. Hibb, of Virginia. He was a member of the Christian church in good standing, a Mason of high degree and a Jefferson-Jackson-Tilden democrat. He was of a winning personality; a fluent, ready conversationalist. That with his wide reading and rich fund of reminiscences made him a most charming companion. No man within his bounds had more friends or more devoted ones. His professional life was an open book, as void of bickerings, jealousies and envious tendencies as it was possible for it to be. He was never stubborn, doctomatic, exacting or deceitful. He was always the discreet, lovable gentleman, in church, business, social and professional life. His many generous, charitable deeds in the region, where he acted his part so well and so faithfully, will live long after his body passes to its original elements. He was as fine a life of the "old family doctor," so richly described in poetry and in song, as the most vivid imagination can picture. He was honest, faithful and true to his every impulse and emotion. His age was 67. He was buried Sunday afternoon after the peculiar rites of the Masonic fraternity, after services by Rev. G. W. Mills, of Hustonville.

## To The Voters of the Fifth Appellate Court District of Kentucky.

I am a candidate for Judge of the Court of Appeals from this district, subject to the action of the democratic party. As circuit judge, it became my duty to try a number of criminal cases, which have become a part of the State's history and at a most critical time. As judge of the State fiscal court, it fell to my lot to construe the Statutes adopted, to put in force the provisions of the new constitution, as well as to construe the present constitution whenever a controversy arose as to its proper construction. Almost innumerable cases have burdened the dockets of my court, touching the rights of corporations and the exercise of franchises under the law. How well I have discharged my duties under such trying circumstances, is left to you to determine.

I will be very grateful to all who feel they can assist me to secure the high position and office to which I aspire.

Very respectfully,  
JAMES E. CANTRILL

My child Garland is subject to severe attacks of croup and it always gives him prompt relief." For sale by W. N. Craig.

## THE GUARANTEED CATARRH CURE.

Mr. Penny Will Return Money If Hyomel Fails. No Stomach Dosing.

Hyomel has made so many cures of the most chronic and deep seated cases of catarrh that Mr. Penny considers it a specific in this disease.

He extends an invitation to all catarrh sufferers to call at his store and purchase a Hyomel outfit with the distinct understanding that it will be absolutely free unless it effects a cure.

The chief reason for the unusual success of Hyomel in the treatment of catarrhal troubles and other diseases of the air passages, is the fact that it cures by a new principle, impregnating the air you breathe with healing and germ-killing balsams. On this account it reaches the seat of the disease in a way impossible to pills, drugs or other stomach dosing.

Many of Mr. Penny's customers who have suffered with catarrh since childhood, have been cured completely by this scientific remedy.

The complete Hyomel outfit costs \$1, and consists of an inhaler that can be carried in the purse or pocket, a medicine dropper and a bottle of Hyomel. Extra bottles can be obtained for 50c, making it a most economical remedy for the cure of catarrh.

Do not suffer longer with catarrhal disorders, but get a Hyomel outfit from Mr. Penny under his guarantee to return the money if it fails. You run no risk whatever. If it cures the treatment is not expensive, while if it fails Mr. Penny will refund your money and it costs you absolutely nothing.

A BILL to retire supreme court judges who have reached the age of 70, who have served 18 years consecutively is proposed in the New York Legislature, which also provides that a judge who has served 20 years and attains the age of 61, and who voluntarily retires shall also be pensioned. The pension business seems to be running riot. There is no more reason for pensioning a judge than any other officer. Judges are usually paid all they earn, and if they are not able to save up a livelihood after being given so many years of good salaries they deserve to suffer.

A USURER named Gluck came to grief in New York last week and his conviction will not go without its effect in discouraging the practices of these money sharks. In Gluck's case it was proved to the jury that the usurer bled his victim at the rate of 36 per cent a year, and when payment failed, seized and retained property worth double the amount of the original debt. By the verdict of the jury he lost his money and was compelled to surrender the property.

The New York delegation in Congress has recommended Bourke Cockran for a vacancy on the House Ways and Means Committee. W. R. Hearst was a candidate for the place.

## When You Have a Cold.

The first action when you have a cold should be to relieve the lungs. This is best accomplished by the free use of Chamberlain's Cough Remedy. This Remedy liquefies the tough mucus and causes its expulsion from the air cells of the lungs, produces a free expectoration, and opens the secretions. A complete cure soon follows. This remedy will cure a severe cold in less time than any other treatment and it leaves the system in a natural and healthy condition. It counteracts any tendency toward pneumonia. For sale by W. N. No. 75, 150,000 acres of cotton land in Mississippi. There is no section of country which offers so many opportunities for profitable investment as the "Mississippi Valley." The timber is becoming more valuable all the time for the reason that lumber people from the North (where the supply of timber is fast diminishing) are constantly increasing their purchases of timber lands in the South. When the timber is removed the land is unequaled for agricultural purposes. It will produce a bale of cotton to the acre or will grow any other kind of crop raised in the temperate zone. The soil needs no fertilizers and gives a yield which cannot be excelled. Taxes are low, the title is perfect and the man who buys Delta farm and timber lands at present prices is making an investment that he will never regret. This land is divided into tracts ranging from 40 acres to the tract of 17,000 acres to the tract and prices from \$8 per acre to \$10 per acre, according to location, etc. We are authorized by the company who owns these lands to state that as other parties are considering the purchase of these lands that we offer these tracts subject to prior sale, withdrawal from market or change of price without notice. However, when notified they will hold any tract out of market long enough for the purchaser to make an investigation. About 1,000 acres of this land has been sold by the Company since we received this option. For further particulars call at our office.

# IT'S NO WOLF STORY.

But it is a fact that we are offering a most desirable stock of goods at less than a ten cent basis for the raw cotton. You can see plainly that if the present conditions prevail (and the knowing ones say it cannot be otherwise) that all goods in which cotton is used in the manufacture will be much higher. We are now occupying our two rooms--our old room and the one vacated by the Leader. In the old room we have a good line of Staples at VERY LOW PRICES, and a lot of short lengths and odd lots that we want to close out and the prices are astonishingly low. Mr. Raney is managing this department and will load you with bargains. We are cutting prices on Shoes of all kinds, Men's Shirts, Dress goods, Wash goods, etc. There are hundreds of articles in here that are just what you want and the price is no barrier to the small purse.

MONDAY'S Danville Advocate contained a splendid picture and a beautifully written biographical sketch of Col. Thomas P. Hill, the nestor of the Stanford bar. All the good things said about the colonel in the columns written-up are deserved and are highly appreciated by the friends of the excellent old gentleman.

MR SHELTON SAUFLEY gave a very attractive box party last evening to "Ben-Hur" in honor of Miss Tevis Carpenter, of Stanford. The guests in the box were Miss Carpenter, Miss Katherine Baughman, of Stanford; Miss Patty Prewitt, Mr. Saufley, Mr. Forest McClary, of Stanford, and Mr. Robert Crenshaw. HIS Honor, Judge Reil, has been disposing of the business in circuit court with the case of a veteran. The prosecution against the city of Stanford, for allowing the merchants to obstruct the streets by displaying their wares, was decided in favor of the city on peremptory instructions. Mack Hooker was acquitted of the charge of "totin a razor." Walter O. Walker qualified as trustee of the jury fund and George B. Saufley as master commissioner. Marion Warren, charged with rescuing a prisoner from Constable Murphy, was acquitted. A demurrer was sustained to the indictment against the members of the fiscal court for failure to keep roads in repair and same was dismissed. Hiram Denham, charged with assaulting Mr. C. H. VanArsdale, failed to respond when called and his bond for \$300 was forfeited. Court adjourned at noon Tuesday on account of the burial of Judge A. W. Buchanan, a member of the bar.  
Mack Hooker, for attempting to cut Anthony Alcorn, also colored, with a razor, was fined \$25 and given 60 days in jail. The case of Zaek Stewart for killing Lot Anderson at Crab Orchard, some 18 months ago, now has the attention of the court.

READ No. 75 of the Real Estate column.

"An excellent summary as can be found of this especially brilliant officer was written by Gen. George B. McClellan, and may be read in the appendix to the volume." The review closes with: Mrs. Pickett's volume has its particular charm. 'The impulse which moves me to love,' she says 'and I have endeavored that nothing should be written unworthy of the motive,' and so there are no disparaging statements, and the author has tried her best to present 'the facts of history and justice.' Mrs. Pickett will lecture at Walton's Opera House next Tuesday evening, March 1.

DANVILLE--Mrs Geo M. Harman is dead at her home near Perryville. The Knights of Pythias cleared \$97.50 on their supper. Rev. B. E. Spears has accepted the call to Trinity Episcopal church. David Wilson and Miss Mary Meshever will be united in marriage Saturday evening at his home in the Allen Heights. Both of the contracting parties are deaf. An expert miner is now sinking a shaft on the farm of Mr. Bowen W. Glynn, near Hubble, about five miles from this city. Considerable croppings of zinc and fluor spar have been found on Mr. Glynn's place, and there is every reason at this time to believe that both the zinc and the fluor spar can be mined there at considerable profit.--Advocate.

### HUSTONVILLE.

DON'T fail to attend the sale of Arthur Jones Saturday at 2 o'clock.  
Hon. Chas. Montgomery, of Liberty, was among the distinguished guests at the wedding breakfast.  
Joe Jordan was here again Thursday and bought a pair of work mules from J. W. Allen for \$335 and a plug horse from C. T. Bohon for \$85.

Miss Maud VanArsdale entertained the "Trix Club" Wednesday night and the charming hostess sustained her deserved reputation in this line.

The occasion of the swarming of the hive of Maccabees here on Wednesday evening was the initiation into the mysteries of the order, J. Beecher Adams, of Danville.

Ten Automobiles free! The Royal Tailor's are surely giving away automobiles to their customers this year. Every man's chance is equal. For particulars call quickly on A. J. Adams.

C. W. Adams has received from his architects in St. Louis a very attractive design for his two-story brick building to be erected in the early spring on the south east corner of Main and Danville streets.

Old "Klek Up," the erstwhile family horse of J. W. Allen, died this week aged 33 years. He was known for his intelligence and peculiarities. He could drive stock, open gates, let down bars, with a buggy hitched to him and never break it.

Sid Adams, of Lexington, spent a few days with homefolks here while enroute to Birmingham, Ala., where he has accepted a position with a shoe house. Mrs. Brent Barnett suffering from a broken ankle resulting from a fall at her home Tuesday.

The young ladies' leap year dance at Alcorn's Opera House Friday night with a 2 o'clock A. M. menu unsurpassed in the list of similar affairs given in old Kentucky, promises to be the most brilliant affair of the season. Flowers with kind thanks and promises to attend are in evidence from Atlanta to Chicago.

Arthur Jones has accepted a lucrative position with our former countyman, W. W. Lyons, at Augusta, Kansas, and will leave with his family for that place next week. Smyser Tippet, one of Louisville's representative business men, was among the guests at the Barton-Carpenter wedding. Mr. David Rowland and wife, of Danville, were guests at the Weatherford House Monday.

Mrs. C. M. Barton, of Pennsylvania, the mother of the bridegroom, was registered at the Weatherford House Tuesday. Geo. A. Prewitt, cashier of the Commercial Bank of Liberty, has returned from Deming, N. M., greatly improved in health and has again taken his stand in the bank. His weight was 90 pounds when he left Atlanta for Deming and to day he tips the beam at 165.

The Barton-Carpenter wedding on Wednesday was another society event of the season that fond memory will long recall. A beautiful and impressive

ceremony by Rev. G. W. Mills, followed by Mendelssohn's wedding march rendered with that admirable touch of Miss Nell Hooper, the march of the Misses Margaret and Mary Carpenter, bridesmaids, preceded by A. T. Manning, O. S. Williams, Jesse T. Carpenter and Val B. Morse, ushers, finished a very beautiful wedding. The handsome decorations by Harblans, of Danville, deserves special comment. After the ceremony a delightful breakfast was served for 40 covers at the Dinwiddie House. Before the ceremony was performed, Mrs. R. L. Salter, of Danville, sang a beautiful soprano solo.

FOR BENEVOLENCE--Last year was notable for the amount of money that was given to the institutions of learning, hospitals and similar institutions. Mr Carnegie leads the list with \$10,000,000, and only \$5,500,000 of this went for the 103 libraries established during the year. The rest went to hospitals, colleges and other institutions, including we presume, the great gift to his native town of Dufermiline. John D. Rockefeller, who is believed to have an annual income of \$10,000,000, comes second on the list with about \$9,000,000, almost all of which went to his Chicago University, including \$6,000,000 to the Rush Medical College. This leaves over \$50,000,000 that have been given by other rich men and women, some of whom the public never heard of and the total to colleges alone is \$10,000,000. --Philadelphia Inquirer.

Chamberlain's Stomach and Liver Tablets. Unequalled for Constipation.

Mr. A. R. Kane, a prominent druggist of Baxter Springs, Kansas, says: "Chamberlain's Stomach and Liver Tablets are, in my judgment, the most superior preparation of anything in use to-day for constipation. They are sure in action and with no tendency to nauseate or gripe. For sale by W. N. Craig."

Five members of one family were killed at Cayuga, I. T., by poison put in bread by mistake for baking powder.

"No remedy helped me until I began

good than all the medicine I ever used.  
They have also kept my wife in excellent

last night at the Fifth-avenue Ho-  
tel, speaking of W. S. Taylor, formerly  
of Kentucky, who now lives next  
door to Mr. Dickey. "It is a mystery  
to me," he continued, "for he lives in  
comfortable style, and I see his chil-  
dren pass my door every day when I  
am at home. He either turns over  
money in some way or has means to  
live on, but what he does to employ  
himself is more than I can tell."—On  
Dit column C-3.

Nothing Equals Chamberlain's  
Colic, Cholera and Diarrhoea  
Remedy.

Dr. P. B. Spears, of Pinchard, Ala., has  
become acquainted with the good quali-  
ties of Chamberlain's Colic, Cholera and  
Diarrhoea Remedy and uses it in his own  
family and in his practice. He says: "It  
beats any preparation I have ever seen  
for all bowel complaints. I do not think  
of recommending any other, and also use  
it with my own children." This remedy  
is for sale by W. N. Craig.

If the republican organs, local or  
otherwise, should make a real and ear-  
nest effort they might be able to dis-  
cover "historical parallels" between St.  
Patrick and Caleb Powers, in that  
March 17 has been assigned as the date  
for the hearing of argument in the  
latter's appeal from the death sentence  
imposed against him by the Scott cir-  
cuit court.—Lexington Democrat.

## Different Goodbyes.

The parting words spoken by man  
in various quarters differ greatly and  
in some instances may be traced to re-  
ligious as well as social environment.

The Turk will solemnly cross his  
hands upon his breast and make a pro-  
found obeisance when he bids you fare-  
well.

The genial Jap will take his slipper  
off as you depart and say, with a smile:  
"You are going to leave my delectable  
house in your honorable journeying. I  
regard thee!"

In the Philippines the parting ben-  
ediction is bestowed in the form of rub-  
bing one's friend's face with one's hand.

The German "lebe wohl" is not par-  
ticularly sympathetic in its sound, but  
it is less embarrassing to those that  
speak than the Hindoo's performance,  
who, when you go from him, falls in  
the dust at your feet.

The Fiji Islanders cross two red  
feathers. The natives of New Guinea  
exchange chocolate. The Burmese  
bow low and say: "Hib! hib!"

The "Auf Wiedersehen" of the Aus-  
trians is the most feeling expression of  
farewell.

The Cuban would consider his good-  
bye anything but a cordial one unless  
he was given a good cigar. The South  
Sea Islanders rattle each other's whale  
teeth necklaces.

The Sioux and Blackfeet will, at  
parting, dig their spears in the earth  
as a sign of confidence and mutual es-  
teem. This is the origin of the term  
"burying the tomahawk."

In the islands of the Straits of the  
Sound the natives at your going will  
stoop down and clasp your foot.

The Russian form of parting saluta-  
tion is brief consisting of the single  
word "Prachai," said to sound like a  
sneeze. The Osage Indians will  
twist the end of the departing guest's  
robe and then solemnly shake his own  
hairs three times.
